

BIG SHIPMENTS OF SHEEP MADE FROM ESTANCIA

Total of Over Thirty Thousand Are Sent North.

CHADWICK AND COMPANY
AND LOUIS TRAUER SELLING

There is a great deal doing this week in the center of the sheep business in Estancia, where thousands are being shipped to various points. S. R. Preston and L. C. Barker, of Port Morgan, Colorado, shipped yesterday from Estancia five thousand sheep, twenty-five hundred each, which were contracted for last June and which cost \$460 a hundred. In view of the fact that the price now has climbed up to \$625 a hundred the purchasers are feeling pretty good over their investment. They were shipped from Estancia to be pastured in Colorado, where they will be prepared to shipping east. Louis Trauer, the well known sheep man, is shipping this week from Estancia twenty thousand head of sheep which he is selling to Colorado. Various other sheep owners are making big shipments this month, and receiving good prices for their flocks.

BUSINESS PICKING UP ON THE RIO GRANDE

FREIGHT AND PASSENGER AGENT
SAYS ROAD IS DOING BIG BUSINESS IN NEW MEXICO.

A. S. Barney, traveling freight and passenger agent for the Denver and Rio Grande railway, arrived in the city from Santa Fe last night on railroad business. Mr. Barney says that business over the Rio Grande branch of the system between Alamosa and Santa Fe is heavier than for many months. Three heavy freight trains went north over the line yesterday and passenger traffic is unusually heavy. The narrow gauge line is being put in the best of condition and a big construction man is now busy at work north of Santa Fe putting in new steel, improving the grades and curves and otherwise improving the track.

Rubber Growing in Ceylon.

Ceylon during the past season shipped 100,000 pounds of rubber, all produced from the island plantations. The shipment was in the form of rubber sheets of various sizes, which brought in the market a better price than the finest Para rubber. There are, however, difficulties in producing rubber in this form, since a large drying room is necessary for spreading out the sheets, and a period of from four to six days to six weeks is required for drying. It is thought that the Ceylon rubber is being put in the best of condition and a big construction man is now busy at work north of Santa Fe putting in new steel, improving the grades and curves and otherwise improving the track.

Druggists J. H. O'Reilly & Co., Say They Don't Charge Anything for Vinol Unless It Gives Satisfactory Results.

When asked by a reporter of the Morning Journal how they could make such a broad offer in regard to any medicine, a member of the above firm replied: "If Vinol were a patent or secret preparation it would be another thing, but it is not, everything it contains is named on the label. Vinol is simply the up-to-date form of administration of the oil, which for centuries have been recognized as the grandest of all body building agents for wasted human strength and vitality, and during the last five years we have seen it produce such good results that we are now willing to back it with any kind of a guarantee. In Vinol we have simply done away with the useless, system-destroying oil and have given to the people all the medicinal, body-building elements of cod liver oil in a highly concentrated and deliciously palatable form, and we have never sold in our store a more effective cure for the ailments of the young and old. Vinol tones up the digestive organs, makes rich red blood and creates strength. We can only ask our people of Albuquerque to try it on our guarantee." J. H. O'Reilly & Co., Druggists.

Not a Good Excuse. "No, no, you silly boy," she said, "I can't marry you. Why, I'm five years older than you are!" "But why let that stand in the way?" he pleaded. "Think how much younger than I you will be ten years from now."—Chicago Record-Herald.

THIRD GAME PROVES A WALKOVER FOR NEW YORK TEAM

Series Two to One in Gotham's Favor.

NEW YORKERS SCORE NINE
PHILADELPHIA HAS GOOSE-EGG

Philadelphia, Oct. 12.—It was all New York today in the third game of the championship of the world between the National League champions and the American League pennant winners, the visitors scoring nine runs while the home team failed totally. The series now stands two to one in favor of New York.

Matthewson pitched another magnificent game, the Philadelphia hitting him for only four singles—the same number of hits they made off him Monday. Only one home player reached second base. Coakley, former Holy Cross pitcher, received support from the American League pinstriped one of the worst exhibitions of fielding they have been guilty of this year on the home grounds. Murphy was the chief offender. He fumbled three grounders at critical moments, and Hardest dropped a fly ball. The usual good headwork of the home players was missing. New York played an easy game.

\$1,000 HUNG UP IN DRILLING CONTEST

NEW MEXICO MINERS ELIGIBLE
FOR GREAT CONTEST IN EL PASO NEXT MONTH.

Eight hundred dollars will go to the team winning first place in the world championship miners' drilling contest to be held in El Paso during the American Mining Congress. Two hundred dollars has been set aside for the second team, while the team making third place will walk off with \$100. Rules for the contest have been formulated. Minor changes may be made later, but the regulations laid down by the committee of the International Miners' association, which is in charge of the contest, are practically in their final form.

The trophy will begin in this city on the 14th of November, the second day of the congress, and will continue daily until the 18th, the closing day. During the four days \$1,000 of cash prize money will be distributed. This sum will be increased in case money is secured from sources other than those on which present plans have been based.

The trophy will be the \$200 silver loving cup presented in trust to the International Miners' association by the Mine & Smelter Co. Only residents of Mexico, Texas, New Mexico and Arizona are eligible to compete for the trophy.

Final possession of the trophy shall not result until the team or teams from any one district have been awarded first prize. The names of the winners in each contest are engraved on the cup, together with the date, the name of the district represented and the names of the members of the team.

The San Pedro camp of Chihuahua at present has the best claim to the trophy. Chamberlain and Malley in 1931 and Chamberlain and Malley in 1932, both representing the San Pedro, captured first prize.

The stone upon which the world's record was made will be used for the contest. It is a piece of granite from the Guanabaco quarry, of material similar to that in the Colorado state capital. It was purchased from the Miners' Union at Cripple Creek, it is a single medium size and a half feet in each dimension and weighing seven tons.

Before letting your bank book work to be sent out of the city, let us quote you our prices. We make all kinds of special ruled and printed books. The Mitchell company at the Journal.

GILA COUNTY OFFICIALS DECLARED INCOMPETENT

PUBLIC EXAMINER POSTER CAUSES
CONFESSION IN SOUTHERN ARIZONA.

Gila county officials are now feeling the effects of a recent visit to Globe of Public Examiner W. C. Foster. The result being that a number of them have been notified to either give a new bond or increase the number of their sureties, says the Prescott Journal Miner.

out to them a number of instances in which they were not complying with the territorial laws. Many irregularities were found.

Poster imparted instructions regarding the manner in which fees in some of the county offices are handled, reorganized and accounting made. It appears that the Gila officials have been following customs that are somewhat behind the times. Perhaps the most important thing done by Examiner Foster was to instruct the Gila county board of supervisors that the clerk of the district court must refund a large sum of money because "charges made for ordering orders of the court should not be allowed," according to law, by the supervisors.

Foster's investigation has caused consternation among the officials of Gila county, few of whom have escaped in his investigation, something being found in almost every instance that was not done according to law.
